

# Maybe I'm Crazy

Kim Wilde

Hey (can't you fall in love?)

I watch you go  
Now I have to face another night  
Where time goes slow  
I find places in my mind

Now I understand we're in different worlds  
And there's just no reason  
But I can't pretend that I'm not in love

And I, I wanna touch you, baby (I wanna, wanna feel you next to me)  
And I can't get through (I can't get, can't get through)  
And why (oh why), why do I miss you baby? (wanna feel you next to me)  
Maybe I'm crazy, it's you

Surprised myself this time  
It's not me to act this way  
I hide my tears and keep my pride  
Lock my heart away

Now I never planned  
To get myself in this situation  
It's in your hands  
Could you fall in love?

And I, I wanna touch you, baby (I wanna, wanna feel you next to me)  
And I can't get through (I can't get, can't get through)  
And why (oh why), Why do I miss you baby? (wanna feel you next to me)  
Maybe I'm crazy, it's you, you

Imagine our lives with us together? (oh)  
Impossible dreams come true (come true, come true)  
I still believe never say never (oh)  
My head's in the clouds  
I'm not comin' down  
I'm gonna take my chances

And I (I), I wanna touch you, baby (I wanna touch you, baby)  
And I (oh-whoa) can't get through (I can't get, I can't get through)  
And why, (hey-  
yeah) why do I miss you, baby? (why am I missing you, missing you?)  
Maybe I'm crazy (hey)

And I (I), I wanna touch you, baby (I wanna touch you, baby)  
And I (ho-whoa) can't get through (I can't get, I can't get through)  
And why, (hey-  
yeah) why do I miss you, baby? (why am I missing you, missing you?)  
Maybe I'm crazy (hey), it's true
