

Miracle

Kimbra

I'm rising up
Sometimes I want to get away
And from the moment I met you
I'm ready to fade
I'm ready for a brighter day
Like a castaway, sometimes I feel so separated
But I can never forget you
The emotion's fine
Yeah, you shine a little light of me

Send me your love again
'Cause you're my miracle
Yeah, can't describe but I'll leave it in a
