

Teen Heat

Kimbra

[Verse 1:]

I'm down, I'm out
Have my feet on the ground
But I'm starting to see things different
I'm thinking hard
Breathing from head, not heart
But I don't want ruin' a good thing

[Pre-Chorus 1:]

Can we lose ourselves in the moment?
Break ourselves to the open?
Make ourselves in the heat of the moment?

[Chorus 1:]

If I cannot stop
There is going to be no coming back
Each time that you stop
I can only think about running back
Cause I don't want to die, without knowing what it's like
To move inside you
That friction pulling me, started everything
And it feels so good

[Verse 2:]

Back to sittin'
Gotta stay strong and censor
Cause I made that promise for so long
Being holdin' back
Wanna keep this sacrosanct
But we can't keep our hands from moving

[Pre-Chorus 2:]

Can we lose ourselves in the moment?
Break ourselves in the open?
Make ourselves in the heat of the moment?

[Chorus 2:]

If I cannot stop
There is going to be no coming back
Each time that you stop
I can only think about running back
Cause I don't want to die, without knowing what it's like
To touch everything
That friction pulling me, started everything
And it feels so good

[Outro:]

Move my hands to the shoulder
Feel my prince till the fall, yeah
Take ourselves to the heat of the moment
Swift, I cannot stop
