

## Barefoot Desert

King Gizzard & The Lizard Wizard

Lately I'm aware, unprepared, barefoot desert  
Breathing down my neck, unprepared, barefoot desert  
Never think ahead, unprepared, barefoot desert  
Come on in, if you dare, to my capsule of stress

It's a misconcepted  
Story from perspective  
Lost in the barefoot desert

Lately I'm aware, unprepared, barefoot desert  
Breathing down my neck, unprepared, barefoot desert  
Never think ahead, unprepared, barefoot desert  
Come on in, if you dare, to my capsule of stress

I stand here corrected  
Misguided, rejected  
Lost in the barefoot desert

So who am I to judge? Too stubborn to budge  
When I'm down here and you're way up above  
Should've put some shoes on before I left the bus

Now I've been neglected  
I'm the last one stranded  
Lost in the barefoot desert  
Why can't I leave? What's stopping me from this prison?  
Straight-jacket and shackles at my feet, I'm grounded  
Throw away the key for eternity, I'm desperate

Lately I'm aware, unprepared, barefoot desert  
Breathing down my neck, unprepared, barefoot desert  
Never think ahead, unprepared, barefoot desert  
Come on in, if you dare, to my capsule of stress
