

## Dreams

King Gizzard & The Lizard Wizard

I only wanna wake up in my dream  
I only feel awake in the night  
I only wanna wake up in my dream  
I only feel tired in the day  
I only wanna wake up in my dream  
I only wanna run away  
I only wanna wake up in my dream  
I only wanna run and hide  
I only wanna wake up in my dream  
I only like it when I can't see  
I only wanna wake up in my dream  
I only need the castle in the air  
I only wanna wake up in my dream  
I only wanna keep my eyes glazed  
I only wanna wake up in my dream  
I only feel alive in a daze  
I only wanna wake up in my dream

I only wanna wake up in my dream  
I only feel awake in the night  
I only wanna wake up in my dream  
I only feel tired in the day  
I only wanna wake up in my dream  
I only wanna run away  
I only wanna wake up in my dream  
I only wanna run and hide  
I only wanna wake up in my dream  
I only like it when I can't see  
I only wanna wake up in my dream  
I only need the castle in the air  
I only wanna wake up in my dream  
I only wanna keep my eyes glazed  
I only wanna wake up in my dream  
I only feel alive in a daze  
I only wanna wake up in my dream  
I only wanna wake up in my dream  
I only wanna wake up in my dream
