

Sleep Drifter

King Gizzard & The Lizard Wizard

Drifting in and out of sleep
Is my favourite state to be
I can see you next to me
And it is lovely

Sleep drifter, sleep drifter

I can feel you touch me
And I can hear you breathing
Please no one wake me
When I'm sleep drifting
Drifting in and out of sleep
Reality begins to fray
You'll become so close to me
In a hotel far away

Sleep drifter, sleep drifter

I can know you're right here
And I can catch your crying tear
We can be so close, dear
When I'm sleep drifting

Drifting in and out of sleep
Is my favourite state to be
I can see you next to me
And it is lovely

Sleep drifter, sleep drifter

I can feel you touch me
And I can hear you breathing
Please no one wake me
When I'm sleep drifting

I can know you're right here
And I can catch your crying tear
We can be so close, dear
When I'm sleep drifting

I can feel you touch me
And I can hear you breathing
Please no one wake me
When I'm sleep drifting

Sleep drifter, sleep drifter
Sleep drifter, sleep drifter
Sleep drifter, sleep drifter
Sleep drifter, sleep drifter

I can feel you touch me...
And I can hear you breathing...
Please no one wake me...
When I'm sleep drifting
