

## Passion Departed

Kingdom Come

I've tried so many times  
Have lied when we were blind  
You act all so concerned  
It seems you'll never learn

Don't say I'm evil inside  
You just reflect in my eyes  
And now stay out of sight  
I just wanna survive

We are sinking  
Fear is grinding  
Passion departed  
I'm not a taker  
Nor heartbreaker  
Love can't be charted

Please don't act so surprised  
You should know what it's like  
Sweet talk just does no good  
Although I wish it would

It's not just you who's terrified  
Who's spinning round and round inside  
I hope the answer will arrive
