Come to me now

I want to be your best friend for all the time

I want to be the tissue for your tears

I never want to be alone

I never, never, never really thought that I could feel

A feeling that awakened me so

I was astray not knowing where I belonged

Living out of time, living out of time

Now that you've come and set me free Now that I know, what love can be All that I want is you with me That's all I want

You allow me to be, what I wanna be
Thanks for helping me
I'm gonna be a thrill like a bright shining star
For only you to see

Hold me tight, hold me tight I won't let you go
Hold me now, hold me now
Give me all your love

All that I want
Is for you to be with me...
