

# Tonight

Kings of Leon

Tonight, somebodies lover  
Is gonna pay for a sin  
It's coming out, it's coming out  
I don't know, just what is leading me  
Or if time is on my side  
It's coming out, it's coming out

I don't know why I keep acting this way  
Everybody knows it's strange and  
It's something along the way  
It's something along the way

When I see, lights on Broadway  
I know it's gonna be a long night  
It's coming out, It's coming out

I don't know why I keep acting this way  
Everybody knows it's strange and  
It's something along the way  
It's something along the way

A war in my head, I can feel it all  
The neon lights my way  
There's something along the way  
There's something along the way

Tonight, I'm gonna leave my body  
Tonight, I'm gonna leave my body  
Tonight, somebody's lover is gonna pay for his sin  
It's coming out, It's coming out

I don't know why I keep acting this way  
Everybody knows it's strange  
and it's something along the way,  
something along the way.

A war in my head, I can feel it all  
The neon lights my way  
There's something along the way  
There's something along the way

Tonight, I'm gonna leave my body  
Tonight, I'm gonna leave my body
