

# Come and Get It

Kip Moore

I got a fever, revving high  
I need a lover, to get me right  
Tonight

I got a picture, in my head  
Of your lipstick, cherry red  
Tonight, tonight

Girl what's the matter with you?  
Can't you see it when it's standing right in front of you?  
Come and get it baby  
Girl what's the matter with you  
Can't you see it when it's standing right in front of you?  
Come and get it tonight

Got your blue jeans, revving high  
Girl I'm beggin, for a try  
Tonight, tonight

My heart you ain't gotta steal it  
It's all yours so just come and get it  
My heart you ain't gotta seal it  
It's all yours so just come and get it tonight
