

# No Sleep Tonight

Kirk Franklin

Oh that's the sound of love  
Oh that's the sound of love

I just wanna get away with You  
I just wanna fly away from what I see  
Every time we fail it falls on You  
Another reason for the world to not believe

See it don't feel right  
When we hurt and lie  
And we judge inside  
Now love's been erased  
You can try and hide  
But no sleep tonight  
Till we get this right  
Let's talk about it

Let's talk about love, life, faith, patience, grace, forgiveness  
If not, whose gonna sleep tonight?  
'Cause I'm not right  
If I kill your light that you have inside  
Tell me how do we sleep tonight?  
How do we sleep tonight?

I just wanna get away with You  
To make sure everyone could see the God in me  
After Sunday we don't love like You  
And how we treat each other is a mystery

See it don't feel right  
When we hurt and lie  
And we judge inside  
Now love's been erased  
You can try and hide  
But no sleep tonight  
Till we get this right  
Let's talk about it

Let's talk about love, life, faith, patience, grace, forgiveness  
If not, whose gonna sleep tonight?  
'Cause I'm not right  
If I kill your light that you have inside  
Tell me how do we sleep tonight?

Can't close my eyes  
Change me inside  
Give us Your light

Oh that's the sound of love  
Oh that's the sound of love  
When you have no words to pray  
Your faith can't find a way  
Oh brings you back to love

If I don't like my neighbor how can I love you?  
Today is a new day so let's talk about it

Let's talk about love, life, faith, patience, grace, forgiveness  
If not, whose gonna sleep tonight?  
'Cause I'm not right  
If I kill your light that you have inside  
Tell me how do we sleep tonight?

Oh that's the sound of love  
How do we sleep tonight?  
Oh that's the sound of love  
How do we sleep tonight  
Oh that's the sound of love  
How do we sleep tonight?  
Oh brings you back to love

God so loved the world, that He gave His only Son. Whosoever believeth in Him shall not perish, but have everlasting life.  
That's the sound of love.
