

# Beautiful Danger

Kirsty Hawkshaw

The questions in my mind  
Relay a thousand times  
Im really still breathin'

And I'll awake again  
But can I dream till then?  
I'm frozen, yet burnin' up inside

Beautiful danger  
Beautiful danger  
Beautiful danger  
I'm leavin' you

Beautiful danger  
Can this leave me so high?

I'm not involved in this  
I've just framed ur kiss in my mind  
My heart is on ice

And if you should break through  
There's nothing I won't do  
I don't want to land  
You're touchin me without hands
