

# King of Hearts

Kiss

Do it!

She was just 19, but in here eyes she was old enough to know  
We were caught between two city streets like a bad dream  
We could barely survive in the world outside where the writing's on t  
he wall  
Still she lets me know, we just can't let go, and she takes my heart  
away, oh

When she tells me, ["I want it."]  
I go crazy, I need it  
When she touches I feel it  
Right there in her eyes

Oh, I'm the King of Hearts, livin' in a fantasy  
I'm the King of Hearts when she's layin' next to me  
Shinin' like a jewel tonight  
Love is gonna rule tonight  
Yeah, I'm gonna be the only one to be King of Hearts

Like a neon light, the shadows flash across my empty room  
We could leave tonight and save ourselves from a bad scene [(bang ban  
g)]  
When we walk on by with our heads up high, all the faces turn our way  
Yeah, it's in their eyes and they realize we can make our getaway, ye  
ah

When she tells me, ["I want it."]  
I go crazy, I need it  
When she touches I feel it  
When she looks at me

Yeah, I'm the King of Hearts, livin' in a fantasy  
I'm the King of Hearts when she's layin' next to me  
Shinin' like a jewel tonight  
Love is gonna rule tonight  
Yeah, I'm gonna be the only one to be King of Hearts, ooh yeah

Yeah, yeah, yeah  
When she tells me, ["I want it."]  
I go crazy, I need it  
When she touches I feel it  
Right there in her eyes

Ooh, I'm the King of Hearts, yeah

Hey, I'm the King of Hearts when she's layin' next to me  
I'm the King of Hearts, livin' in a fantasy  
I'm the King of Hearts  
Yeah yeah, yeah yeah, yeah yeah yeah  
Yeah yeah, yeah yeah, yeah yeah yeah
