

Breathe

Kittie

You, You aren't really here with me
You never were
Sweep the dust from our eyes once again
Watch the sunset of our hearts for one last time
At sunrise I'll be gone
Another pistol loaded
This time it's mine
Breathe Just for one more day and you'll come back to me
You're so cold
I, I still wonder whether you'll come back to be
Just hold on Sleep,
Sleep now love, the sun extinguishes itself
I will never look back, look for something else
Deliver me with your sweet song and take me home
Take me home again
Another pistol loaded
This time it's mine
My heart just bleeds devotion
Give me a sign
Breathe and you'll come back to me
I wish you'd come back to me
