

Run Run

Kitty in a Casket

By the look in your eyes • i know
It's true • you feel so insecure • that really
Really turns me on • you really, really want it
Too • hot, hot the way you move • your signs
Show me what to do • ahh ahh it make's me
Wet • oh just look at you • tasting you brings
Out my hell • oh yeah • you need to see the real me •
Run, run, oh, i'm gonna get to you • run, run
I know you wanna feel me too • run, run, oh
Run for your life • baby there's no place to hide
•hot sweat is running down your neck • oh, what
A delicious salty snack • i really, really like it best
• when you really, really need time to rest •
Oh, it's about the way you scream • makes me wanna be so
Mean • haha you feel it too • i will make love
To you • you had enough • abused your trust •

Oh oh oh • come here my slave i'll make it up
To you • run, run, oh, i'm gonna get to you •
Run, run, i know you wanna feel me too • run
Run, you should run for your life • but baby
There's no place to hide • prey, prey can
You hear me moan • cuz i can see it turns
You on • when my body's pressed on yours •
Can you feel my force • can't have enough •
I need it rough • hell yeah • you'll never leave
• don't be naive • run, run, oh, i'm gonna get to you
• run, run, i know you wanna feel me too • run, run, oh
Run for your life • baby there's no place to hide
