

## We Made A Mistake

Kitty Wells

We made a mistake dear bout playing a cheating game  
It's all my fault she's wearing your name  
He's taking my place where I should be today  
We made a mistake dear and now we have to pay

We had a quarrell I said I didn't love you  
I called you a cheater and told you we were through  
Too late we are sorry we both made sacred vows  
There's nothing left between us we can't turn back now  
We made a mistake dear...

If we could only turn back time I'd have you by my side  
If we knew then what we know now we'd never said goodbye  
We can't change the wrong we've done the mistake has been made  
Now we don't have the right to love that's the price we'll have  
to pay  
We made a mistake dear...
