

# Big Enough

KJ-52

Keep it up keep it up  
Tell the whole world we be keeping up  
Tell the whole squad we ain't giving up  
God on our side we gone run it up  
Keep it up keep it up  
Tell the whole world we be keeping up  
Tell the whole squad we ain't giving up  
God on our side we gone run it up  
Tell your team they ain't big enough  
Tell your dreams they ain't big enough  
Tell them schemes they ain't big enough  
You hit the ground? Pick it up

Cruising but I hustle fast  
Like Usain in a 100 dash I'm just  
New school but I'm from the past  
Like wu tang in a 100 masks I just  
Do thangs with a 100 raps  
To make a crowds say ho like a thundercat  
Hit the line like a running back  
Until I run in back when I run the track  
I ain't where I used to be  
I ain't what they used to see  
But my Lord been good to me  
So I got no malice like Pusha T  
I'm a rapper/pastor  
You are a rapper/actor  
Your life plus no christ  
That is a crashing disaster  
I got to blast smash faster  
When I blast smash past ya  
Hold tight now it's all right  
He coming back to just snatch ya  
I'm blasting off past NASA  
In my sneaks and cap backwards  
So blast the song past @ ya  
Until I'm gone in that rapture

Keep it up keep it up  
Tell the whole world we be keeping up  
Tell the whole squad we ain't giving up  
God on our side we gone run it up  
Keep it up keep it up  
Tell the whole world we be keeping up  
Tell the whole squad we ain't giving up  
God on our side we gone run it up  
Tell your team they ain't big enough  
Tell your dreams they ain't big enough  
Tell them schemes they ain't big enough  
You hit the ground? Pick it up

Step up pull out the pen again  
I'm just the dude now to get it in  
Swimming in the rhythm that I'm living in  
Or sipping Lipton at the Bennagins  
Private jet or the mini van  
I'm living better than I ever been

I kill the flesh till it's trembling  
Like Eddie Brock in the venom and  
You claim you packing you getting yo' chips  
Like it was a packet of Pringle in's  
I'm in the back stacking and macking  
Chewing some gum full a cinnamon  
Cause just when I'm rapping I'll bet that it happens  
I get you with the nouns and the synonyms  
Catch me now laughing I'm smashing the lines  
I hit you like a jacket from Benny Hinn  
You got the goons in the truck  
I got the spoons in a cup  
Man I just grew up in a dump  
Eating up soup in a cup  
So I just do it for the love  
And I'm just moving it up  
And I'm pursing him yuhh  
Cuz I knew he's enough

Keep it up keep it up  
Tell the whole world we be keeping up  
Tell the whole squad we ain't giving up  
God on our side we gone run it up  
Keep it up keep it up  
Tell the whole world we be keeping up  
Tell the whole squad we ain't giving up  
God on our side we gone run it up  
Tell your team they ain't big enough  
Tell your dreams they ain't big enough  
Tell them schemes they ain't big enough  
You hit the ground? Pick it up  
Tell your team they ain't big enough  
Tell your dreams they ain't big enough  
Tell them schemes they ain't big enough  
You hit the ground? Pick it up
