

I thought I had it all together but  
You took my situation changed it up  
And that's the best thing that you ever done  
And I was colder then December sun  
But now I'm looking at the sin I done  
You was the one that I was running from  
Every piece of me that had come undone  
Facemelt that's how I sum it up

Woooahhh oh woah oh cmon.  
I think you got me with a facemelt  
I think you rocked me with a facemelt  
Woooahhh oh woah oh cmon.  
I think you got me with a facemelt  
You went and shocked me with a facemelt

I'm getting rid of all my other junk  
Cause all it ever did was leave me stuck  
You found me out just when I was on the run  
I am the reason why you shed your blood  
And yo you was never letting up  
I might might fall but then you get me up  
and its all just cause of what you done  
Facemelt I think I said enough..
