

## God Is Good

KJ-52

God is good all the time  
All the time all the time  
God is good all the time  
All the time all the time God is good  
God is good all the time  
All the time all the time  
God is good all the time  
All the time all the time God is good

I laid in bed just while the rats scurried overhead  
Praying now to God that they didn't run up on my leg  
Neighbor kept fighting I could hear every word they said  
Laying there at night just while I'm struggling to get ahead  
The only white kid in a neighborhood that I lived  
They chase me on my bike cause the light color of my skin  
Trapped in a fight that I could never ever win  
Trapped in a life that really wants to hold me in  
Watch my head spin messing now with my mental  
Playing in a back alley bullets thru the front window  
Is this all we have daddy then tell me why it's so little  
I draw to escapes through a paper plus an old pencil  
It was all simple it all came to pass  
Bored out my skull dad dragging me to latin mass  
I saw all the cars flying past  
But all the while as you called the time had to pass

God is good all the time  
All the time all the time  
God is good all the time  
All the time all the time God is good  
God is good all the time  
All the time all the time  
God is good all the time  
All the time all the time God is good

Teachers on my back told me just to stay on task  
All I did was laugh while I'm sitting in the back of class  
Walkman on replay hip hop's on full blast  
Stuck on the freeway and the car's running out of gas  
Walk fast past the dealers trying to hold the cash  
Plus these fellas on the court they just talking trash  
Everything that I could see was all about to crash  
It's getting hard to breathe thinking this would never pass  
All the things that I'd wish that I'd never had  
All I wanted was a gold ring and a dope rap  
I think about when I was three I want to go back  
When they didn't leave and all I felt was so bad  
There was hope and peace I didn't know that  
Fell to my knees with my head straight thrown back  
Praying to see a little light on a dark path  
Praying to seek a new life that I didn't have

God is good all the time  
All the time all the time  
God is good all the time  
All the time all the time God is good  
God is good all the time

All the time all the time  
God is good all the time  
All the time all the time God is good
