

Get out the way (Get out the way) yeah you know I got this

I train for the rhyme play like a 5k let the rhyme spray  
They look at me sideways cuz I ain't claiming that crime pay  
But I did it my way been rocking and popping since nine Trey  
So move to the side way you stopping and clogging the move of the highway  
Bet if you find me working on raps since back in the 90s  
Sat in the driveway working on that with half of my eye glazed  
But nobody signed me I walk a path where you'll never find me  
So I put it beside me I hit the gas they running behind me  
When in the booth I'm spitting truth making the moves that you never get  
Sin is a strain you should refrain living life like your celibate  
I'm in your brain I got the flame no matter the color the melanin  
I got to say sin got a price and Jesus died for the hell of it  
He settled it I'm on the rock ain't talking the sediment  
You getting it I keep on talking and walking in fellowship  
I'm a veteran your irrelevant like an ant to an elephant  
I'm telling it yelling it it's whether you relevant thinking you fly and ya  
elegant

Get out the way (Get out the way) yeah you know I got this  
I ain't play (I ain't play) man you know I got this  
It's a brand new day (Brand new day) you know I got this  
Swear I got this, I got this  
Get out the way (Get out the way) you know I got this

I ain't play (I ain't play) man you know I got this  
It's a brand new day (It's brand new day) you know I got this  
You know I got this, you know I got this

Too long in the business running through the paper like cutting with scissors  
I thought I was finished even diminished before I finished my sentence  
Came on a mission broke out the prison never been needing religion  
Never would listen out of position like the wrong side of the scrimmage  
But whatever I face I will maintain to just get better not bitter  
No matter the place I'm needing your grace to make a new way for the sinner  
And I can pray I will make it ok I already know who's the winner  
My faith in the son I already won before I even step in to enter  
Tell me to give up tell me to quit up tell me I'm acting so bitter  
Call me a rogain no name old age no fame Mac Miller  
You ain't a killer digging your raps is like digging the cat litter  
I'm just a sinner I just found a new way and beginning  
I'm a just sit up I'm a just get up go on and cry me a river  
For all of my life been stuck all the time but now I'm back in the center  
That your in control you got it all even when stuck in the middle  
I know I got this I just got to remember

Get out the way (Get out the way) yeah you know I got this  
I ain't play (I ain't play) man you know I got this

It's a brand new day (Brand new day) you know I got this  
Swear I got this, I got this  
Get out the way (Get out the way) you know I got this  
I ain't play (I ain't play) man you know I got this  
It's a brand new day (It's brand new day) you know I got this  
You know I got this, you know I got this
