

They say we crazy but we don't care  
They say we crazy but we don't care  
I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental  
You he they be we be going mental

I'm almost 4-0  
But feeling like I'm half of that  
You blind to the truth  
You like some old dudes with cataracts  
My God will crack the roof  
And boom the sky like it's rat-a-tat  
So I grab the track  
Ride the rap like the saddle back  
Searching for directions  
Like some tags on a apple map  
Never learned my lesson  
What I had I tried to grab it back  
Then I start repenting then  
And Heaven became my habitat  
And now we kind of tight like  
He man and battle cat  
Tell me what you laughing at  
Y'all just need to go with me  
Y'all just need to face the fact  
That you need to roll with me  
I get so amazed that He died and rose  
And he came as the lion king  
But you treat him like hello kitty  
Hello diddy (wassup?)  
Hello jay (yo!)  
Wassup fiddy?  
Wassup wayne?  
You know my king  
The one who runs down the whole thing?  
In case you never understand  
Here's why we go cray

They say we crazy but we don't care  
They say we crazy but we don't care  
They say we crazy but we don't care  
They say we crazy but we don't care

I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental  
You he they be we be going mental

I be going mental (duh)  
That's what we fin to go now  
Even if it hurts I got to get it  
It's about to go down

He chose to get me He rolling with me  
He could've killed me no smoke and pistol  
Alive now  
On fire now  
Can't be tied down it's worldwide  
All around the country they losing it yeah  
Get used to it  
Off is how I used to live  
But now it's only through the switch  
Unashamed it's not a game man  
We passionate  
It's about to get crazy  
Baby make sure you fasten it  
Crazy  
That's what they say  
Mental  
That's what they think  
If you been through what I been through  
Then you might just go insane  
They say we crazy but we don't care  
Man I was crazy 'fore I got here

I be going mental  
I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental

You he they be we be going mental  
From the back and the front it's packing a pump  
That's smacking and racking them up  
I rap and attack the stuff they happen to love we snatching them up  
They acting a punk they bragging it up  
And they laugh and they cracking em up  
They claim they backing it up but all I got is a love  
He came in the flesh He came and he left when He rose to the sky and above  
He came with a death He came and He went for those recognized in the blood  
He came and He bled I claim what He said 'cause all I have is the one  
That came and He lived and I claim what He did  
So I rap and brag on the Son like

They say we crazy but we don't care  
They say we crazy but we don't care  
They say we crazy but we don't care  
They say we crazy but we don't care

I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental  
You he they be we be going mental  
I be going mental  
I be going mental
