

The Chris Carlino Story: Week Four

KJ-52

This is week four
I got this dude alright
We gotta share a room
Cause I gotta come here, I gotta take whatever they give me
So I've got this guy
He's on some old Bible thumping Jesus stuff
And I tell him repeatedly
To keep that away from me
That it's fine if that's what works for you man
Fine
It's bad enough I gotta watch what I say
I can't do any things I did on the outside
You wanna come in here and tell me that there is some other option
Like I haven't explored it
Like I've never talked to God before
Like I've never talked to Him
You think He hasn't heard me
You think I don't talk to, you don't think I don't talk to Him
on the regular
This guy tells me I'm
Symptoms of what I have is just simply a deeper issue
And I tell him, you know what
Who are you to judge me
God can judge me
That is if He's even there
Maybe that's the question
Are you really there?
