

Hit rock-bottom  
End of the line  
Outhouse of life  
Where the sun don't shine  
Down and out  
Straddling demise  
Get a grip on yourself  
Pick up and rise

Top of the world  
Designed to destruct  
With wings unfurled  
Sky-high and fucked  
Out of the true  
Crash and burn or slow down and subdue  
Live and learn

Achtung! Here we come  
With another motherfucking dirty bomb  
Krank! - Krank it to 11  
Kein Mehrheit Für Die Mitleid 24/7  
Once again rings true what we always knew  
KMFDM is the drug for you

Freedom is a loaded shotgun

Krank!  
Kein Mitleid Für Die Mehrheit
