

Our Time Will Come

KMFDM

Blinded by darkness
Choking on air
Invisible cruel touch
Haunted by the ghost of god
Decayed mirage
Written in the stars
Damn wo defy you all who deny you

Whisper in a new born's ear
All is not as it appears
Our time will come
Numb the burning in my head
Kiss alive to breathe again
Our time will come

Rising up from the ashes
Destiny or madness
Push harder and faster
Nor or after
Our time will come

Bloom of the rose
Fading to black
You can't kill what won't die
Eat yourself alive
