

I don't need your contradictions  
I'm not gonna play that role  
I don't need you telling me i've got my back against the wall  
If all i've got is everything and everything is all you want  
If I give you just a little bit you're gonna try to take it all

I feed my anger with the fucking bullshit that you preach  
I bleed forever and not a thing you do can comfort me

Obey authority  
Live in conformity  
I do for you what you do for me

I don't fear the confrontation  
I'm not afraid to take the fall  
I'm not gonna step aside i'm not letting you make the call  
If everything is all i've got and everything is what you want  
If i give you just alittle bit you're gonna try to take it all
