

# Transgression

Kodak Black

Tired  
Glee, gleeful  
This how you step, right here, look

I be slidin' 'round with my firearm, I gotta keep a weapon  
I be ridin' 'round everywhere, I dare one of y'all lil' niggas  
to test me  
I keep on drivin' 'round, got me goin' through all these transg  
ressions

Shootin' niggas and foolin' 'round, won't let me see my blessin  
,

I be slidin' 'round with my firearm, I gotta keep a weapon  
I be ridin' 'round everywhere, I dare one of y'all lil' niggas  
to test me  
I keep on drivin' 'round, got me goin' through all these transg  
ressions

Shootin' niggas and foolin' 'round, won't let me see my blessin  
,

I did everything the streets told me was cool to do  
Now I'd rather prove it to myself before I prove to you  
I never tell, put me in jail, put me in any dorm  
And I can make it through whatever, I'll weather any storm  
Say park the Wraith outside the prison when I hear your ass  
My mama told me 'bout you niggas, I swear she know best  
My bitch did a whole bid with me, that's my baby  
Not showin' off, I blowed up, she 'bout to have my baby  
I swear it feel like yesterday, I was just in the county  
When me and Snake was talkin' 'bout how we was in the projects  
When we was on the ugly corner, we were poppin' Molly  
How we be bootin' up on niggas when they actin' rowdy  
Sniper Gang, I hate how I can't have my niggas 'round me  
We love each other so much our energies just keep collidin'  
We down to suit up any moment, we be too excited  
And free Lil Cool, it's been a minute since we reunited  
My nigga Pee just caught a body and he still fightin' it  
I hate I fell in love with thuggin', I give my mama anxiety  
I love Lil DJ like a brother, you play with him, I'll kill you  
Lil' Jackboy shoulda just been my brother, I swear I love that  
nigga  
I don't even need your love no more, I got a little heart  
I do my own time, I don't need no nigga to take no charge  
I couldn't even get a letter from you and that was your gun  
You ain't send me nothin' or ask no boy, "How your lil' brother  
doin'?"
