

# Blood and Bones

Kodamine

I wish someone would explain to me  
How losing you is gonna make me feel  
Like someone shot a hole in me  
And left me out for the wolves to eat

You're in my blood  
You're in my bones  
On my mind wherever I go  
Can you hear me?  
I miss you today  
Hey-hey-hey, it's just not the same  
Hey-hey-hey

And I still drive by your old house  
Fight back tears and turn the music loud  
Your favorite song,  
My LCD Soundsystem is always on repeat

You're in my blood  
You're in my bones  
On my mind wherever I go  
Can you hear me?  
I miss you today  
Hey-hey-hey, it's just not the same  
Hey-hey-hey  
I miss you today  
Hey-hey-hey  
And I'd give it all away if I could get you back

And I can't hold on  
I can't hold on  
I can't hold on  
I can't hold on

You're in my blood  
You're in my bones  
On my mind wherever I go  
Can you hear me?  
I miss you today  
Hey-hey-hey, it's just not the same  
Hey-hey-hey  
I miss you today  
Hey-hey-hey, it's just not the same  
Hey-hey-hey  
And I'd give it all away if I could get you back

And I can't hold on  
And I can't hold on  
And I can't hold on  
And I can't hold on

It's just not the same  
I miss you today
