

Ehu Girl.

Kolohe Kai

Said it happened last night about ten to eleven
When I first layed eyes on you,
Standing in line, into Club Triple 7,
It was just like heaven and a dream come true,
We're standing at the right place at the right time,
When you, this ehu girl, caused the crime.

You're my pretty little ehu girl who made me a fool in love,
You got my heart all in a whirl and now it needs cooling off,
You set my heart on fire and now I don't know what to do,
You set my heart on fire and now I'm so in love with you my ehu girl.

Said I'm feeling it now, something I've never felt,
My hearts so hot I think I'm gonna melt,
Somehow, I want to see you again
My love, sent from above.
And beautiful girls yes I've seen a few,
but out of all the beauty in the world there's no one quite like you.

You're my pretty little ehu girl who made me a fool in love,
You got my heart all in a whirl and now it needs cooling off,
You set my heart on fire and now I don't know what to do,
You set my heart on fire and now I'm so in love with you my ehu girl.

My ehu girl.

The way your ehu hair flows in the air,
The way your shining eyes reflect the sky,
The way your smile burns up my flame,
But I don't know your name and I guess I'll call you my...

You're my pretty little ehu girl who made me a fool in love,
You got my heart all in a whirl and now it needs cooling off,
You set my heart on fire and now I don't know what to do,
You set my heart on fire and now I'm so in love with you my ehu girl.
