

If I Could Be Superman

Kolohe Kai

If I could just step out and reach you
I would make you feel secure
Your tearful eyes are making you weak now girl
Baby please endure

Oh how I wish I could hold you
Just like I told you I would
When days are not good
And I really should
Be kissing those teardrops, away

If I could be Superman
You know I'd do all I can
If I could fly away
I would fly away to you
If I could just take away the pain
Everything, everything will be okay
But baby I'm not Superman
I'm just a man, I'm just a man
Who loves you

It's much too hard to hold up the world
To save my, my precious Lois Lane
But if I could oh yes I would spin it round
To reverse your heart frowning pain

But all I can do is soothe you
I hope I move you to sleep
When you need to be
Let's wait patiently
And I will hold your heart, forever
Me and you finally together

If I could be Superman
You know I'd do all I can
If I could fly away
I would fly away to you
If I could just take away the pain
Everything, everything will be okay
But baby I'm not Superman
I'm just a man, I'm just a man
Who loves you

If I could be Superman
