Autocorrect

In the future Will I need my mind? Or will Google Take over this grind? I'm so tired Of using my head Just wanna be wired Directly into this grid I wanna get fucked up And then hit undo Get my head hooked up To download some kung fu I wanna be free Of all responsibility I want a TV Right on my retina please And if it looks like shit's about to go down I don't think twice, it's alright And if, and if it looks like I'm about to hit the ground I know that I won't pay the price I don't care, I don't care if trouble feels like coming around Cause I got Autocorrect (for life) Autocorrect for life I wanna, I wanna I wanna, I wanna I wanna get fucked up Get my head hooked up I wanna be free I want a TV So in the future Will my attention span Hey, in the future Think we'll still do it by hand? What is happening To the length of my thought? What is that crackling? I think my brain's about to short I wanna get fucked up And then hit undo Get my head hooked up To download some kung fu I wanna be free Of all responsibility I want a TV Right on my retina please And if it looks like shit's about to go down I don't think twice, it's alright

And if, and if it looks like I'm about to hit the ground

I know that I won't pay the price
