

# Nothing

Kongos

There's nothing i want to say but i still talk  
Nothing i feel but i still sing  
There's nothing that sad but i still cry  
There's nothing i'm against but i still fight

Nothing to believe in but i still pray  
Nothing's that funny but i laugh anyway  
Nothing's forever not even god  
There's nothing worth fighting for  
But they still die

Wosa  
Don't let me down (x 4)

Tell me why  
Show me how  
Let it die  
So i can live
