

# Take It from Me

Kongos

It got a mind of its own and it stings

Woke up, don't recognize the bed  
Took me a minute to clear my head  
I tried recalling, but the blanks won't fill  
Cameras rolling, but I forgot the film

Take it from me  
When you start it's just a matter of time  
Any minute you will cross that line  
Take it from me  
You never think about the price that you pay  
It got a mind of its own and it stings  
Take it from me  
It got a mind of its own and it stings  
Take it from me  
It got a mind of its own and it stings  
Take it from me

Nothing can stop me  
Nothing holds me back  
Think you could slow me down?  
Knock me off my track  
Nothing can stop me  
Nothing holds me back  
Think you could slow me down?  
There ain't no turning back

It don't take much for the beast to bolt  
A split second too late to bring it to a halt  
You're hypnotized, your feet follow your shoes  
It's kinda like, a cigarette smokin' you

Take it from me  
When you start it's just a matter of time  
Any minute you will cross that line  
Take it from me  
You never think about the price that you pay  
Take it from me  
It got a mind of its own and it stings  
Take it from me  
It got a mind of its own and it stings

Nothing can stop me  
Nothing holds me back  
Think you could slow me down?  
Knock me off my track  
Nothing can stop me  
Nothing holds me back  
Think you could slow me down?  
There ain't no turning back

Take it from me  
It got a mind of its own and it stings  
Nothing can stop me  
Nothing holds me back  
Think you could slow me down?

There ain't no turning back  
Take it from me  
Take it from me
