

You Got My Heart on Fire

Kool & The Gang

Get busy!

I remember when mama told me
She said don't play with matches
I don't know
But there's a chance I might burn myself
When the flames get too high, hey
Now it seems I met my match
'Cause every time I kiss you, yeah, yeah
Everything's gone up in smoke
Like a fire engine light, that's right

You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

I don't want you to cool down, baby
'Cause this is my kind of arson, yeah, yeah
(Burn me with your love flames)
I take my hand and turn the heat
Up higher till I fry
Girl, this ain't no false alarm
It's urgent that I be with you, ooh-ooh...
So I'll consume you with some candlelight
And dinner just for two, oh-oh-oh-oh...

My heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

Whoa-whoa, you know I'm hot for you
My temperature is rising all the way
'Cause all I do is think about your lovin'
Night and day

You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

You've got my heart on fire
My love is all in flames

You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah, everybody
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah, oh-oh...
Yeah, yeah, yeah

Whoa-whoa, you know I'm hot for you
My temperature is rising all the way
'Cause all I do is think about your lovin'
Night and day, yeah

You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

Heart on fire!
Heart on fire!
Heart on fire!
Heart on fire!

You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame

You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame
You've got my heart on fire
My love is all in flames
You keep the fire burning
And it's your love that is to blame...
