

Die Alone

Korzus

Lies with pain
Skull and bones
We fight in our safe
Retreat while death
We breed

Domain, lay siege at your own demise
Blood, death comes in spree my sacrifice

[Chrous x2]
Mother of all bombs
Spread your flesh, die alone

Lies with blood
Skull and veins
We see in our hate
I believe your death agreed

Hell, your grave
Suicide, no way
Black night, your disgrace
Your mind, just hate

[Chrous x2]

[Solo]

[Chrous x2]

Die alone...
