

# Discipline of Hate

Korzus

We desecrate  
Feed the fire of anger and hate  
For a moment you will taste  
The evil that your mind can create

Trust - deep in your soul  
Hate - you can't control

Discipline of hate  
Spread the world of death and shame  
Discipline of hate  
Forget your god, become a slave

Organized  
Like flocks of cattle you share  
The same ideology  
Rock bottom for life in society

Trust - deep in your soul  
Hate - you can't control

Discipline of hate  
Spread the world of death and shame  
Discipline of hate  
Forget your god, become a slave

Trust - deep in your soul  
Hate - you can't control

Discipline of hate  
Spread the world of death and shame  
Discipline of hate  
Forget your god, become a slave  
Discipline of hate
