

Sweet untouchable you  
You gave me the runaround  
All you say and what you do  
picks me up and leaves me hanging  
Do you call, do you  
Do you call, do you  
Do you call, do you call that lovin' me?  
I don't, I don't, I don't nono  
Sweet unthinkable past  
How you jog my memory  
I knew, I knew it wouldn't last  
'cause you keep on pickin' me up and leaving me hanging  
Do you call, do you call that loving me?  
Do you call, do you call that loving me?  
Do you call, do you call that loving me?  
Do you call, do you  
Do you call, do you  
Do you call, do you  
I don't, oh no I don't  
I don't call that  
You don't call that  
Sweet unstoppable you  
Send my system crashing  
All you say is not what you do  
You just keep on pickin' me up and leaving me  
Keep on pickin' me up and leaving me  
Do you call, do you call that lovin' me?  
Do you call, do you call that lovin' me?  
Do you call, do you call that lovin' me?  
Do you call, do you  
Do you call, do you  
Do you call, do you  
I don't, oh no I don't  
I don't call that  
You don't call that  
You don't call that  
You don't call that  
You don't call that  
You don't call that
