Lord help me walk another mile just one more mile I'm tired of walking all alone

Lord help me smile another smile just one more smile

I know I just can't make it on my own

I never thought I needed help before I thought that I could do things by myself

Now I know I just can't take it anymore

With a humble heart on bended knee I'm begging you please help me

Come down from your golden throne to me to lowly me

I need to feel the touch of your tender hand

Remove the chains of darkness and let me see Lord let me see Just where I fit into your Master plan

I never thought I needed help before I thought that I could get by by myself

Now I know I just can't take it anymore

With a humble heart on bended knee I'm begging you please help me

With a humble heart on bended knee I'm begging you please for h \mbox{elp}
