

Hateful Nature

Krisiun

I'm the untamed defiant
The voice of the inexorable breed
Godless baptized by nothing
Spawn of chaos revelated
I'm the hand that kill's
The voice of fierce roots
Holocaust of pagan idols
Summoning all bastards to fight
Nature of fury becomes my existence
Conceive the fall of what I digust
Hateful nature feeds my existence
Exterminate the sheep as their lord
(repeat the third verse)
