

# I Don't Giva

Kristinia DeBarge

Tell them what they wanna hear  
Shurning all in my time zone  
I ain't talking about rhyme stones  
I can get, I can get, I can get whatever I want  
Push button, I start that  
Horses all in my hair rest  
Tell me what good is it if I be driving alone?

I know that you got the word babe  
Blowflex, you ain't gotta flex babe  
Keep on that I just want my babe  
My babe  
All day, all day  
Moving, going big like it's breakfast boy  
I don't giva  
Moving like it's swisher engine make the boy  
I don't giva  
All these other niggas tryina holler but  
I don't giva thing  
I don't giva thing  
I don...

It could all be so simple  
But you make it hard  
Don't you know money can't buy you my heart  
And nothing is gonna change that out

I was with you before all of that dough, yeah  
And I'm still with you if you ain't got it no mo, yeah  
'Cause I'll hustle with you and we'll get it back, yeah  
But for real don't my nigga, don't take all that back

I know that you got the word babe  
Blowflex, you ain't gotta flex babe  
Keep on that I just want my babe  
All day, all day  
Moving, going big like it's breakfast boy  
I don't giva  
Moving like it's swisher engine make the boy  
I don't giva  
All these other niggas tryina holler but  
I don't giva thing  
I don't giva thing  
I don't giva

I know that you got the word babe  
Blowflex, you ain't gotta flex babe  
Keep on that I just want my babe  
All day, all day  
Moving, going big like it's breakfast boy  
I don't giva  
Moving like it's swisher engine make the boy  
I don't giva  
All these other niggas tryina holler but  
I don't giva thing  
I don't giva thing  
I don't giva thing
