I'm so toe-up like my eyes about to blast off  
Slow motion, I can't hear you with that fast talk  
(Slow it down, baby)  
And get a handle on it  
I be your birthday cake  
Blow out the candle on it and I want it  
Cause it's plenty 'iancas around  
We won't stop 'till they close this place down, happy birthday
