My words is weapons, huh!

One stroke of the pen and then we mashin'  
You have what you heard and the um  
And if you haven't you haven't

Commence to just offending anyone listening  
Peasants, never will sit with 'em  
Pheasant, chicken nugget niggas, with Bentleys and buckets  
From the ground up, regulators'll mount up  
See you was hardcore then they found us  
Fat boy, I wrapped a round pound on my tippy toes  
Better bow down, I'm slippin'  
Got niggas like Nicholas to hold me down  
I was the prey now I'm the predator  
Headin' for your cheques next  
Headin' for the exit, that's it  
See me I'm the eager beaver  
Lynch Hung's the people eater  
We family with ICP and carry a cleaver  
My words can start wars  
Hop is what they want more  
My bite's worse than my bark when I'm reppin'
