

Where You Want Me

Krizz Kaliko

So ah after this dance maybe we can go back to my place, have some do
nuts and milk, listen to a pop tune baby.

What kind of man would come and stand What kind of girl would give it
to you the way you want it,
and make believe you was lovin'.

And we grindin' and you look in my eyes and I think that you think wh
at I'm thinkin'

And you touching me softly and taking it off all my money is leavin'

You see I keep trying to leave but ya (got me where you want me)
And I keep on trying to go but ya (got me where you want me)
I don't need no more to drink cause ya (got me like I like me)
I thinkin' you want me cause ya (got me where you want me)

Round two baby,
Stripdown to your birthday suit,
give me that sexy dance.
I can give it all to you,
give me that sexy chance.
And it's turning me on that you're leading me on
and I think it's on now.
You movin' too slowly give me what you owe me
all my money is gone now.

oooo give me like I like it
oooo give me what I want it
oooo give me like I like it
oooo

You see I keep trying to leave but ya (got me where you want me)
And I keep on trying to go but ya (got me where you want me)
I don't need no more to drink cause ya (got me like I like me)
I thinkin' you want me cause ya (got me where you want me)

Got me where you want me by the way you work it.
