

# Dirty Street

Krokus

Blame it on the street  
I gotta get some lovin' tonight  
Lay it down on me honey  
This girl is outta sight

One night stand  
Travellin' with the band  
Passion in a motel room  
A magic touch, never too much  
Then she blows me right over the moon

I'm goin' down  
Down on dirty street  
I'm goin' down  
Down on dirty street

Hangin' at the bar  
Slippin' on a hurricane  
Said bye, bye Lucy  
You're drivin' me insane

Lady of the night  
Don't give up the fight  
The band is gettin' ready to roll  
Devil in my heart  
Tearin' me apart  
My misery is hard to control

I'm goin' down  
Down on dirty street  
I'm goin' down  
Down on dirty street

I'm goin' down  
Down on dirty street  
I'm goin' down  
Down on dirty street

I'm goin' down  
Down on dirty street  
I'm goin' down  
Down on dirty street

Dirty street, all alone  
On my own  
I'm so lonely of love  
Down on dirty street  
Baby on the street  
Baby on the street  
Baby on the street
