

Shoot Down the Night

Krokus

If you're low we'll get you high
Music's loud, we'll hit the sky
You and me and everybody else, we'll rock the night
Yeah yeah

Deal with danger, dynamite
Shoot down the night, hey hey
Shoot down the night, hey hey

Right on time we'll burn the stage
The axe is back and the metal pays
You and me and everybody else, burn up the night
Yeah yeah

Gotta get me overdrive
Shoot down the night, hey hey
Shoot down the night, hey hey
Shoot down the night, hey hey
Shoot down the night, hey hey
Hey

Where are you?
Gimme! Gimme!
Gimme! Gimme!
Shoot!

Still on tiles when they say
Keep on looking for the day
You and me and everybody here, we're like dynamite
Yeah yeah, come on

Gotta get me overdrive
Shoot down the night, hey hey
Shoot down the night, hey hey
Shoot down the night, hey hey
Shoot down the night, hey hey

Shoot them, shoot them, shoot them
Shoot them down!
