But am I over ya head?
Am I over ya head?
But am I over ya head?
Yo am I over ya head?
But am I over ya head?
Am I over ya head?
Well am I over ya head?
Yo am I over ya head?

Huh? What? Where? Who? What? What ya thinkin' about when who says what when how You can't maybe follow my style You be the child, I be the teacher Smile, who said when, what Mouth not shut, what? Whenever however whenever Whatever the cut How you maybe could you ever Believe, that you could so quickly achieve These crafts, please laugh at his stupid ass Upon your knees in glass You lust, for everything but trust So we bust back, with consciously charged art With a mic instead of a brush

But am I over ya head?
Am I over ya head?
But am I over ya head?
Yo am I over ya head?
Am I over ya head?
Yo am I over your head?
Yo am I over ya head?
Listen.

Yes, us must trust us, who? Us must trust
Not fuss with us, us must trust us discuss trusting us
Us must trust us, who? Us must trust
Not fuss with us, us must trust us discuss thus trusting us
Trusting us, us must trust discuss
Discuss not trusting us must not fuss
Us with us means us discussing trusting us
Us must trust us, who? Us must trust
Not fuss with us, us must discuss trusting us

But am I over ya head? Yo am I over your head? But am I over ya head?
