

Champagne Dreams

Ky-Mani Marley

I sleep all day and I don't wake up till night
Cause when the sun goes down
That's when I come alive
And then I pour champagne
And celebrate the night away
And then I pour champagne
Celebrate the night away

Until the moon goes down [x4]

Oh I love the bad ones
Good girls eva have
The rebellious man that, that don't give a f..
See, I live for the night
And my good luck, live for the night
And pop a couple bottles
With a couple models
I turn champagne dreams into reality
Cause ooh, waking up is never guaranteed
I like to look at the stars in the galaxy
Cause they shine bright through the dark
Just like me

I sleep all day and I don't wake up till night
Cause when the sun goes down
That's when I come alive
And then I pour champagne
And celebrate the night away
And then I pour champagne
Celebrate the night away

Until the moon goes down [x4]

And when I'm in fear
I'll be right there
Sipping on champagne to forget my cares
Let's make love before the day
When the sun goes down it's time to play
I pour champagne dreams into reality
Cause waking up is never guaranteed
I like to look at the stars in the galaxy
Cause they shine bright through the dark
Just like me

I sleep all day and I don't wake up till night
Cause when the sun goes down
That's when I come alive
And then I pour champagne
And celebrate the night away
And then I pour champagne
Celebrate the night away

Until the moon goes down [x4]

Yeah

Until the moon goes down [x2]
