

To Die For

Kygo

Give me a minute to get out of my mind
To help me remember what the feeling was like
When we were all alone watching late-night TV
Your hand in mine
Oh what I wouldn't do to get back to you

'Cause every time we touch, it cuts the deepest
But I don't wanna fall if it's not in love
Oh you stop my heart like you're in my blood
You are, you are
To die, to die for

All I ever needed
You're the kind of high that keeps me wanting more
Oh I can't let go, I'm forever yours
You are, you are
To die, to die for

(You are, you are)

To die, to die for

(You are, you are)

To die, to die for

Trust me, there's so much more that I need to say
(Hear me out, mmm)
Oh I can't let another moment escape
(So take me back, oh)
To summer nights, drinking wine till we can't find our feet
You'd lean on me
Oh what I wouldn't do to get back to you

'Cause every time we touch, it cuts the deepest
But I don't wanna fall if it's not in love
Oh you stop my heart like you're in my blood
You are, you are
To die, to die for

All I ever needed
You're the kind of high that keeps me wanting more
Oh I can't let go, I'm forever yours
You are, you are
To die, to die for

(You are, you are)

To die, to die for

Every time we touch
(To die for)
(You are, you are)
(To die for)
To die, to die for

All I ever needed
You're the kind of high that keeps me wanting more

Oh I can't let go, I'm forever yours
You are, you are
To die, to die for

All I ever needed
You're the kind of high that keeps me wanting more
Oh I can't let go, I'm forever yours
You are, you are
To die, to die for
