

Always And Forever

Kyla

(Always forever love you
Baby it's true...)

Always and forever
Each moment with you
Is just like a dream to me
That somehow came true, yeah
And I know tomorrow
Will still be the same
Cause we got a life of love
That won't ever change and

Everyday love me your own special way
Melt all my heart away with a smile, baby
Take time to tell me you really care
And we'll share tomorrow together
Baby, I'll always love you forever
(Always forever love you
Baby it's true...)

There'll always be sunshine
When I look at you
It's something I can't explain
Just the things that you do, yes
If you get lonely
Call me and take
A second to give to me
That magic you make and

Everyday love me your own special way
Melt all my heart away with a smile, baby
Take time to tell me you really care
And we'll share tomorrow together
Baby, I'll always love you forever
(Always forever love you
Baby it's true...)

...
