Where The Horizon Unfolds

Kylesa

Night - eroding the stones of man Flight - within the psyche of man Cry out - dead matter awakes Shadows - of past self awake

Outside - world spins your fate No guide - demise of spirit awaits Fight - futile attempts of man In sight - the fertile grip of man

When does the tunnel fucking end?

Fallen times and relics speak Truths of the strong and weak History repeating with a laugh We all want what we can't have

I can't find another way
Can't find another way
Where does the horizon unfold?
Where does it break away?
When does the tunnel end?..
