

Crazy Motorcycle

L.A. Guns

Ride these streets as fast as lightning
City nights are so exciting
Nothing gonna slow me down
Hold on tight, I love that sound

Hi way, skyway, seven kinds of my way
Fast cars, porn stars
Yeah its been a wild ride

Hey yeah hey yeah hey yeah
Wanna go for a ride

Hey little girl
Come and rock my world
Take you for a twirl
On my crazy motorcycle

Hear the angels screaming baby
No sweet words are gonna save me
Kick it into overdrive
Feels so good to be alive
